

2024-25 FINANCIAL AID PACKET

Congratulations on your acceptance to University of Portland! We are pleased to present you with the enclosed financial aid offer for the 2024-25 academic year.

Gaining a high-quality, personalized education at top-ranked University of Portland is one of the most important personal investments that you can make.

This booklet contains important information to help guide you through the financial aid process. Please refer to the following:

- Dates and Deadlines – Page 3
- Financial Aid Checklist – Page 5
- Outside Scholarships – Page 7
- Costs and Payment Information – Page 8
- Important Campus Contacts – Page 9

Additional information is available at up.edu/finaid.

If your file was selected for verification (will be indicated on 2nd page of enclosed financial aid offer), your aid will be estimated until the verification process is complete.

Once you make your decision to attend UP by submitting your enrollment confirmation and deposit, you will be issued a UP email address. Please check your UP email frequently, as this will be our primary means to send you news and updates.

We recommend that you set up proxy access using the instructions at up.edu/parents/parent-proxy. This is important because it authorizes our staff members to speak to your parent(s) or other designee about your financial aid requirements.

Please reach out to us if you have any questions. Financial aid counselors are available for telephone or in-person appointments. Email us at finaid@up.edu or call 503.943.7311 to schedule an appointment.

Best wishes to you and your family as you begin your college journey.

Outside scholarships are a great way to close the gap between the aid offered to you and the cost of attendance. Here are some quick tips to help you get started. See more information on our website at up.edu/finaid/scholarships-and-grants/outside-scholarships.

Start early – The earlier you start, the more scholarship applications you can complete.

Research all opportunities – Ask family, friends, employers, churches, community organizations, high school counselors, and local businesses if they have or know of scholarship opportunities.

Apply for EVERYTHING – Think of applying for scholarships as a job. If you spend 10 hours applying for scholarships and are awarded one \$1,000 scholarship, that is the equivalent of earning \$100 per hour.

Stay organized – Use a scholarship tracking worksheet to keep up with deadlines. UP's Scholarship Tracking Worksheet is available on our website at up.edu/finaid/scholarships.

Read and follow directions – Every scholarship is different. Ensure you meet all scholarship criteria and follow application directions.

Write a powerful essay – Tell your story, brag a little, and reread your essay for typos and spelling errors.

Say “Thank You” – Thank anyone who helps you along the way, including editors, references, and any scholarship organization who awards you aid.

If you are awarded an outside scholarship, contact the Office of Financial Aid and request an “Outside Scholarship Reporting Form”. We will incorporate your scholarship(s) into your financial aid package.

Cost Calculator

Use your offer letter and the Undergraduate Direct Cost Estimator at up.edu/financial/cost2425 to approximate what you can expect to pay to attend University of Portland. This information can help you evaluate your use of savings or other personal means, a payment plan, loans, or a combination of options.

Payment Plan Option

University of Portland offers payment plan options for students and families. Using a payment plan allows you to spread college costs into more manageable monthly payments. Plans are set up each semester in 3, 4, or 5 monthly installments, depending on the date of application.
