Nursing is a hands-on profession that's not just about what you know, but what you can do. That's why UP'S School of Nursing & Health Innovations (SONHI) – the largest nursing school in Oregon – emphasizes a competency-based curriculum grounded in real-life practice and experience. And with direct entry, you'll have a guaranteed spot in our program!

PROGRAMS OFFERED:

- Bachelor of Science in Nursing
- Bachelor of Science in Public Health and Wellness
- Minor in Public Health and Wellness

CUTTING-EDGE INNOVATION, HANDS-ON EXPERIENCE

- The Elsie Franz-Finley Simulated Health Center, the first and only fully-accredited, state-of-the-art simulated health center in Oregon, will prepare you to work in acute care units and ambulatory care centers with hands-on learning experiences and a realistic setting.
- With Dedicated Education Units focused on community health, acute care, school-based nursing, ambulatory care, and mental health settings, you'll practice alongside expert clinicians and faculty and be ready to enter the nursing practice with next-level expertise.
- Take your studies across the globe with one of several SONHI-approved Study Abroad programs. Popular locations for nursing students include Fremantle, Australia, and Rome, Italy.

"My professors were instrumental in my success as a nursing student. I can't thank them enough for all of their help in guiding me through my time at UP. Science courses were definitely challenging for me, but the professors' lectures and group exercises provided excellent visual and hands-on learning experiences. I am very thankful to the School of Nursing for preparing me so well for my nursing career."
