

What Is the Holy Cross connection to the Holy Family?

When Blessed Basil Moreau founded the Congregation of Holy Cross he did so with a vision of a community of sisters, brothers and priests who would look to the life of the Holy Family for inspiration. The sisters were dedicated to Mary, the Blessed Mother of Jesus; the brothers were dedicated to Joseph, the foster father of Jesus; and the priests were dedicated to Jesus, in particular under the devotion to the Sacred Heart of Jesus. Each member of the Holy Family is to be looked to as models for the members of the different societies within Holy Cross. As well, the loving dynamic shared by the Holy Family was also to be the harmony that the members of Holy Cross strive to emulate. In turn that same harmony and bond of community is the vision for what one experiences in any Holy Cross parish or school. Learn more at:
