Vampires, Pirates and Zombies: Scary Ants

A Beckman Humor Project Event

Learn about the dark side of the little creatures who rule the world with UP's Dr. Valerie Banschbach. From ant-vampires that feed on the 'blood' of their own larvae, to ant-pirates that raid other species' nests, to ant-zombies controlled by a brain-attacking fungus (as in the *Last of Us*), the lecture will unearth the nefarious activity going on under our feet.
