### International Student Orientation Newsletter

Greetings Admitted Students! Each week leading up to the start of fall semester, you will receive this newsletter with information about starting at UP. We will share tips on getting involved on campus, local transportation, study success, stories from current students, and more. Please take a few moments each week to read the newsletter to prepare yourself for arriving on-campus.

At this point, you may have either applied for, or obtained your student visa. If you have not started this process yet, or have questions about the visa process please email [iss@up.edu](mailto:iss@up.edu) immediately.

We are looking forward to meeting you in August!

### Orientation Schedule

[International Student Orientation](#) will be held from Tuesday, August 20 - Thursday, August 22. **All incoming international students are required to attend international orientation**

**sessions 1 and 2 held on August 21 and 22.** We will also host activities to help you learn about the city of Portland and meet other new students. For more information on orientation activities and events, please view the [International Orientation Schedule](#). To confirm your spot at orientation, sign-up for activities, and early campus move-in please complete the [Orientation Enrollment Form](#).

### New Student Checklist

The [New Student Checklist](#) provides information on important tasks that need to be completed prior to your arrival in August. The checklist offers

information on enrollment, visas, housing, and your PilotsUP account. If you are having trouble setting up your PilotsUP account for the first time, please email [iss@up.edu](mailto:iss@up.edu).

### Registering for Classes

#### Undergraduate students:

You can check if your course registration is complete by logging into [PilotsUP](#). On the right of the screen you will see your fall courses listed. You may have also received an email from your program counselor with the course schedule.

If you have not received your course registration, send an email to the department you will be studying in and they will help you register.

**Graduate students:** Contact your program director to register for classes. Program directors will work with each student individually to build the best schedule to meet your academic goals.

### Additional Information

Additional information on the topics covered in this newsletter as well as visa and immigration forms, housing, and more can be found on the [Admitted International Student](#) webpage.

[University of Portland](#) website has almost all of the resources you might need. You can search by finding the search sign on

the top right of the page and type in your question!

At this point, students should also start checking **UP email** regularly as the university will begin to send more information through the email.

### Questions?

If you have any questions, please let us know. We look forward to seeing you in August!

*Michael and Gwen*
