

Fall 2023 Study Groups: NRS 104

Thursdays at 1:15pm – 1:45pm
Learning Commons (BC 163)

The Learning Commons is hosting facilitated study groups for NRS 104 students!

These study groups are led by Co-Pilots (peer tutors) who specialize in academic skills and strategies like note-taking, studying for exams, time management and organization.

By attending the NRS 104 Study Groups, students will build skills and learn how to work with classmates to study more effectively while preparing for NRS 104 exams and assignments. Instead of being a content-focused tutoring service, Study Groups focus on learning and applying skills to NRS 104 materials while working with NRS 104 classmates and being guided by Co-Pilots.
