

Spring 2024 Study Groups: NRS 116

**Wednesdays at 2:30pm – 3:00pm**  
**Learning Commons (BC 163)**

The Learning Commons is hosting facilitated study groups for NRS 116 students!

These study groups are led by Co-Pilots (peer tutors) who specialize in academic skills and strategies like note-taking, studying for exams, time management and organization.

By attending the NRS 116 Study Groups, students will build skills and learn how to work with classmates to study more effectively while preparing for NRS 116 exams and assignments. Instead of being a content-focused tutoring service, Study Groups focus on learning and applying skills to NRS 116 materials while working with NRS 116 classmates and being guided by Co-Pilots.
