

Spring 2024 Study Groups: THE 105

**Mondays and Thursdays at 2:30pm – 3:00pm
Learning Commons (BC 163)**

The Learning Commons is hosting facilitated study groups for THE 105 students!

These study groups are led by Co-Pilots (peer tutors) who specialize in academic skills and strategies like note-taking, studying for exams, time management and organization.

By attending the THE 105 Study Groups, students will build skills and learn how to work with classmates to study more effectively while preparing for THE 105 exams and assignments. Instead of being a content-focused tutoring service, Study Groups focus on learning and applying skills to THE 105 materials while working with THE 105 classmates and being guided by Co-Pilots.
